Senior Mobile Application Developer with 12+ years of experience delivering scalable, cross-platform applications for enterprise and consumer markets. Expertise in Ionic 8, Capacitor 7, Angular 19, Swift, Kotlin, and AWS.

Senior Application Developer | CredStart

Las Vegas, NV / Freelance | Apr 2022 - Present

- Designed and built web & mobile apps with **React, Angular, Ionic, and React Native**, ensuring responsive, scalable UI/UX.
- Deployed and optimized apps on **AWS (EC2, Lambda, CloudFront, RDS, API Gateway)**.
- Built **CI/CD pipelines** with GitHub Actions, Jenkins, and Bitbucket to automate testing and deployment.
- Mentored junior developers, enforced coding standards, and conducted peer reviews.
- Delivered measurable improvements in performance, stability, and developer productivity.

Senior Hybrid Mobile Developer | Pfizer

Las Vegas, NV - Remote | Apr 2022 - Mar 2025

- Developed **cross-platform apps** with Ionic & Capacitor, deployed to **iOS and Android**.
- Automated deployments using **Fastlane** for TestFlight, Google Play, and Apple App Store.
- Built **serverless functions** with AWS Lambda & Cloudflare Workers, cutting API latency.
- Created **Ionic/Capacitor plugins** and Angular Schematics for developer efficiency.
- Implemented advanced **CI/CD workflows**, including static analysis, parallelized tests, and caching.
- Developed VisionOS apps for **Apple Vision Pro** using **RealityKit & ARKit**.

Mobile Application Developer | CGI Federal

Las Vegas, NV - Remote | Apr 2021 - Apr 2022

- Built secure hybrid apps for the **US Federal Government** using Ionic.
- Implemented **MongoDB** integration and **508 Accessibility Compliance**.
- Applied **strict security protocols** for government-grade apps.
- Collaborated with cross-functional government teams to ensure timely delivery of mission-critical features under tight compliance deadlines.
- Developed automated test suites and **CI/CD workflows** that reduced release time and increased reliability of government mobile applications.

// EDUCATION

<School of Telecommunication
Poznan, Poland>

Technical Degree – Software
Development & Database Management
(2008-2011)

Ionic Mobile Application Developer | TEND

Los Angeles, CA - Remote | Jan 2021 - Apr 2021

- Built multilingual hybrid apps with **RxJS, NgRx, and GraphQL**.
- Integrated with **AWS AppSync** for real-time data sync and SNS for notifications.
- Designed custom animations and implemented **Sketch UI** assets.
- Enhanced app security by **integrating encrypted storage** and role-based access controls for sensitive user data.
- Optimized performance across iOS/Android devices, reducing app load times and improving user retention.

Mobile Application Developer | Bayview Asset Management

Los Angeles, CA - Remote | Jan 2018 - Dec 2020

- Delivered apps using **Ionic 5, Angular, and Capacitor**.
- Managed cloud infrastructure with **AWS Amplify, EC2, CloudFront, and Firebase**.
- Led end-to-end app submissions for iOS and Android.
- **Built custom native plugins** to extend Ionic/Capacitor capabilities for finance-specific features.
- **Improved app stability and reduced crash rates** by implementing monitoring tools and proactive error-handling strategies.

Earlier Roles

- **Bonfit** (Los Angeles, CA / 2017)
Built brand identity and mobile apps.
- **Joiful.com** (Los Angeles, CA / 2016)
Designed prototypes, built PhoneGap apps.
- **AppRising Inc** (Los Angeles, CA / 2015-2016)
Project Manager, led mobile/web development teams.
- **Project Sunrise FZC** (Dubai, UAE / 2013-2015)
Delivered projects for National Geographic, Swatch, Nikon, T-Mobile, Orange
- **OTOKO Social Technology** (Warsaw, Poland / 2012-2013)
Full-stack developer
- **Nobel Biocare** (Zurich, Switzerland / 2011-2012)
Built internal/external apps with PhoneGap & Sencha
